D.O. No. Z-18015/6/2016 - NRHM-II (Pt.- I)

Dated: 3rd October, 2016

Dear Colleague,

MD/NHM/ 788

Date 13/10/16

Improving coverage and enabling positive outcomes of health services require a skilled and competent workforce. As you are aware, National Health Mission supports State/UT Governments to not only increase the number of clinical service providers and programme management HR, but also emphasizes on their continued capacity development, so that health care services are rendered effectively and with quality.

In this regard, a list of health sector related programmes offered by the School of Health Sciences, Indira Gandhi National Open University (IGNOU) on distance mode as approved by UGC, along with their eligibility and curriculum, is enclosed. Your State/UT may utilize these courses as per felt requirements. It is also recommended that State/UT may explore opportunities for collaborating with educational institutions such as medical colleges and other institutes and utilize existing training programmes offered by such institutions in this endeavor.

With regards,

Yours sincerely,

(Manoj Jhalani)
