CONNECT 2016

**Annual Postgraduate
Rheumatology CME & Workshop**

Diseases of connective tissue require a multidisciplinary approach, involving Specialists in Medicine, Orthopedics, Dermatology, Immunology, and Physical Medicine & Rehabilitation. There is a need for a unified training for budding specialists in these diverse fields, and to update our knowledge base. CONNECT 2016 brings experts in the field and specialists to common platform, so as to update our knowledge and renew our understanding of basic skills in Rheumatology.
